WE ENCOUNTER JESUS - WE GROW TOGETHER IN HIS LOVE

Making disciples who encounter the saving love of Jesus Christ

Growing together by being known, loved and supported

Empowered by the Holy Spirit to worship, witness, and serve

February 11 is World Day of the Sick, an observation started by Pope John Paul II as a way for believers to offer prayers for those suffering from illnesses. The day coincides with the commemoration of Our Lady of Lourdes. This year's theme is "It is not good that man should be alone". Healing the Sick by Healing Relationships.

Pope Francis writes "It is not good that man should be alone" (cf. *Gen 2:18*). From the beginning, God, who is love, created us for communion and endowed us with an innate capacity to enter into relationships with others. Precisely because this project of communion is so deeply rooted in the human heart, we see the experience of abandonment and solitude as something frightening, painful and even inhuman. This is all the more the case at times of vulnerability, uncertainty and insecurity, caused often by the onset of a serious illness.

To those of you who experience illness, whether temporary or chronic, I would say this: Do not be ashamed of your longing for closeness and tenderness! Do not conceal it, and never think that you are a burden on others. The condition of the sick urges all of us to step back from the hectic pace of our lives in order to rediscover ourselves.

The sick, the vulnerable and the poor are at the heart of the Church; they must also be at the heart of our human concern and pastoral attention. May we never forget this! And let us commend ourselves to Mary Most Holy, Health of the Sick, that she may intercede for us and help us to be artisans of closeness and fraternal relationships.
